# ABC Unified School District Guide to Ethical and Responsible Use of AI: Data and Student Privacy Passages

Excerpted verbatim from *ABC Guide to Ethical and Responsible Use of AI - PUBLIC (ABC Unified School District, California; published Google Doc)*. The source has no page numbers; locations are given by section. Ellipses (…) mark omitted text. The source is a published Google Doc with no page numbers, so sections are located by their headings.

## What is Generative AI? (excerpt)

Source: Google Doc, Section 1: Overview

… it's essential to consider the ethical implications and challenges that come with its use, such as issues of fairness, privacy, and appropriate content generation …

## Objective(s) of This Guide

Source: Google Doc, Section 1: Overview

Protecting student data is paramount at ABC Unified. We have a strong foundation of data privacy practices currently in place for all our solutions. This commitment extends to any AI tools we implement, including generative AI. We will continue to prioritize data security and adhere to all relevant regulations to ensure your trust and the safety of student information.

## Challenges and Considerations: Ethical considerations (excerpt)

Source: Google Doc, Section 1: Overview

Schools should adhere to the ABC Unified responsible use policies and guidelines to address ethical concerns, such as student privacy, content ownership, and the role of AI in education.

## Bias and Ethics in AI: Ethical considerations (excerpt)

Source: Google Doc, Section 3: Teacher Responsibility

Discuss the potential ethical implications of AI in education, such as privacy concerns, data security, and the digital divide.

## Parents as Partners (excerpt)

Source: Google Doc, Section 3: Teacher Responsibility

Explain that the AI tools being used in the classroom have been carefully vetted for accuracy, bias, and privacy.

## Sample Letter to Parents (excerpt)

**Privacy & Security:** AI use will align with regulations protecting student data privacy, safety, and accessibility.

## The Vetting Process

Source: Google Doc, Section 5: ABC's Plan for AI Use in the Classroom

At ABC Unified, we understand the power of AI to enhance learning, but we prioritize student safety and responsible technology use. That's why we take a meticulous approach to vetting all applications, especially those incorporating AI. We ensure data privacy compliance by thoroughly examining developer policies and adhering to all relevant regulations. We actively seek safeguards against bias and inappropriate content …

## Vetted Generative AI Tools for Students (excerpt)

Source: Google Doc, Section 5: ABC's Plan for AI Use in the Classroom

The following curated list of resources has been reviewed for age-appropriateness and support of data privacy. This limited list is not comprehensive, but rather a starting point for our community to use.

Gemini can help students grasp concepts by explaining complex topics and generating practice materials. … all in a safe and age-appropriate way for users 13 and older.

## Current Regulations Relevant to AI in Education

Source: Google Doc, Section 5: ABC's Plan for AI Use in the Classroom

**United States**

**FERPA** - AI systems must protect the privacy of student education records and comply with parental consent requirements. Data must remain within the direct control of the educational institution.

**COPPA** - AI chatbots, personalized learning platforms, and other technologies collecting personal information and user data on children under 13 must require parental consent.

**CIPA** - Schools must ensure AI content filters align with CIPA protections against harmful content.

## Frequently Asked Questions: Safety and Development (excerpt)
