[graphic] Equity and Accessibility for All: Staff and the District are committed to ensuring equity and accessibility by using district-approved AI tools that protect personal information, are monitored for student usage, and create adaptable learning paths for diverse needs.

[graphic] Privacy and Ethical Use: Staff and the District are committed to maintaining privacy and ethical AI use by maintaining privacy and ethical AI use by disclosing applications, safeguarding data, and addressing emerging challenges to support teaching and learning.

Student Rights: The Right to Privacy and Ethical Use

Source: PDF page 3

- Students have the right to protect their personal data and creative works from unauthorized AI training or exploitation while using district-provided AI tools.
- Students have the right to learn how to protect their personal information, which emphasizes ethical AI use.

Staff/District Rights: Privacy and Ethical Use (excerpt)

Source: PDF page 5

- Staff have the right to data privacy and control over how AI interacts with their personal and professional information in the same way as any other district-provided tool.

Staff/District Responsibilities (excerpt)

Source: PDF page 6

- Staff will only use district-approved AI tools, ensuring the protection of personal information
- Staff will avoid the use of AI tools that have not been vetted and approved by the District to protect student privacy and guard against bias.
- The District will maintain systems addressing emerging AI-related challenges, including, but not limited to, student misuse, data privacy concerns, and maintaining academic integrity.
