III. Guidelines for AI Use (excerpt)

Source: web page, Board Policy IFBG (3)

A. Legal compliance: Employees must comply with all applicable laws and regulations, including copyright, intellectual property rights, and data protection laws.

E. Privacy and data security: Employees must respect the privacy and data security of individuals when using generative AI. It is prohibited to provide personally identifiable information of students or staff to generative AI tools. It is also prohibited to use generative AI to create content that invades the privacy or confidentiality of individuals, or to use data obtained through generative AI in a way that violates applicable privacy laws.

IV. Permissible Use of AI Guidelines (excerpt)

Source: web page, Board Policy IFBG (3)

BHCS permits the use of district approved Artificial Intelligence. The School District is responsible for the review, approval, and ongoing management of a list of permissible AI tools.
