Bixby Public Schools Board Policy 3142 AI & Emerging Technology: Data and Student Privacy Passages

Excerpted verbatim from *BOE Policy 3142: AI & Emerging Technology (Bixby Public Schools, Oklahoma; adopted August 13, 2026)*. Page numbers refer to the PDF pages of the source file. The policy has no printed page numbers.

Policy Statement (excerpt)

Source: PDF page 1

This policy establishes the standards for the instructional use of AI within the District to ensure such tools remain educator-directed, maintain student data privacy, and respect parental rights. It is the policy of the Bixby Public Schools to allow the use of AI tools in district operations and classrooms under conditions that safeguard student data, protect academic integrity, and ensure equitable access to educational opportunities.

All use of AI within the district shall comply with FERPA, COPPA, Oklahoma cybersecurity standards, and OSDE AI Guidance.

Data Privacy and Security

Source: PDF page 1

The District shall adhere to the following data protection standards:

- **Compliance:** All AI tools must comply with federal laws, including the Family Educational Rights and Privacy Act (FERPA), and state student data privacy and security laws.
- **Data Minimization:** The District will take reasonable steps to minimize the amount of student data shared with AI tools.
- **Prohibited Inputs:** Consistent with District data privacy protocols, employees are strictly prohibited from inputting student identifiers (names, IDs, or other PII) into open AI systems (e.g., ChatGPT) that are not formally vetted and contractually protected under FERPA.

Transparency and Data Disclosure

Source: PDF pages 1–2

- The District shall maintain transparency with families regarding AI use.
- At least annually, the District will provide parents and legal guardians with a written disclosure identifying:
- All AI tools currently in use within the District.
- The vendors providing those AI tools.
- The categories of student data collected and the extent of data sharing.
- The specific educational purpose for which each tool is used.
