Canyons VIEW of AI Guidebook: Data and Student Privacy Passages

Excerpted verbatim from *VIEW of AI in Canyons: A Guidebook Designed for Educators, Students, & Families (Canyons School District, Utah; Instructional Supports Department, Version 1, September 2023)*. Page numbers match the document's own page numbering. Ellipses (…) mark omitted text. Passages marked [graphic] were transcribed from rendered pages because the sidebar/table layout interleaves the extracted text.

VIEW of AI for Educators: How can AI be used safely and effectively? (excerpt)

Source: page 3 [graphic]

[graphic] Any tool with AI should be approved through Canyons School District's LearnPlatform to ensure data privacy.

VIEW of AI for Educators: How can I determine what tools to use?

Source: page 3 [graphic]

[graphic] All AI tools need to be approved through Canyons School District's LearnPlatform to meet data privacy requirements. If you don't see a tool, you can submit it for review online.

VIEW of AI for Students: How can AI be used safely and effectively? (excerpt)

Source: page 4

Read and follow the guidelines, including age requirements.

VIEW of AI for Families: How can AI be used safely and effectively?

Source: page 5 [graphic]

[graphic] Check the Terms of Service and Privacy Policy for each tool that utilizes AI to see what you can legally do and not do, as well as how your data will be used.

Leadership Considerations: Guiding Questions (excerpt)

Source: page 6 [graphic]

[graphic] What measures should be in place to protect sensitive student data and privacy when using AI-powered educational tools and systems? What procedures and protocols are already in place at the building and/or district level?

Appendix G: Glossary of Terms: LearnPlatform

Source: page 12

The Learn Platform is a website designed to support educators and other stakeholders in knowing which apps, websites, and extensions have been reviewed for use in Canyons School District. Technology tools will be approved through Learn Platform if they follow FERPA, CIPA, and COPPA.
