Cherokee County School District AI Administrative Guidelines: Data and Student Privacy Passages

Excerpted verbatim from *CCSD Administrative Guidelines Regarding Internet Acceptable Use (Artificial Intelligence) (Cherokee County School District, Georgia; revised July 2026)*. Page numbers match the document's own page numbering. Ellipses (…) mark omitted text, including stray list symbols and page headers from the PDF.

Purpose and Scope (excerpt)

Source: page 1

It complements existing CCSD School Board Policies on technology use (IFBGA), data privacy (IFBG), academic integrity (IA) & (JD), and student support (IA).

Guiding Principles for AI Use: Approved Tools Only (excerpt)

Source: page 1

- **Approved Tools Only:** Only district-approved AI tools may be used. All tools undergo a District Approval Process to ensure they meet safety, security, age-appropriateness, and instructional standards.
- A regularly updated list of approved AI tools, including any usage/age restrictions, is maintained on … the Instructional Resource Dashboard on the CCSD SharePoint site for staff to reference and access.
- Students may use AI-enabled tools only in accordance with district policy, legal requirements, and … based on the tool's age restrictions.

Security, Privacy, and Safety

Source: pages 1–2

CCSD will implement safeguards to ensure the integrity, safety, and ethical operation of all AI systems used across the district. Protecting personal and confidential information remains a top priority. CCSD safeguards include district review and approval of AI tools, configuration of platform features when possible, alignment to Board policy, and ongoing review as technologies evolve. Staff are expected to use only district-approved tools and features enabled by CCSD.

- **Prohibited Data Entry:** Staff and students must not input personally identifiable information (PII) or confidential data into AI platforms (CCSD School Board Policy IFBG). Prohibited Data includes Any combination of data that could reasonably identify an individual, such as):
- Student and/or staff names and initials
- Student and/or staff ID numbers
- Dates of Birth
- Assessment scores or performance data
- Medical, IEP or ESOL information
- Images, videos or audio recordings of students

- **Compliance:** All AI usage must comply with data protection laws such as FERPA and COPPA, as well as district privacy policies. (CCSD School Board Policy IFBG).
- **CCSD Safeguards:** CCSD will implement safeguards to protect the integrity, safety, and ethical operation of all AI tools used across the district.

If uncertain, do not input the information into AI tools.

Responsible Academic Use of AI (excerpt)

Source: pages 2–3

- **Approved Tools Only:** Utilize software tools that leverage AI only if vetted and approved through the CCSD Instructional Resource Approval Process.
- **Data Privacy:** Never input confidential or personally identifiable information into AI platforms.
- **Self-Assessment Questions:** These are questions that you should ask each time you generate a prompt or … use an AI tool.
- Could this prompt reveal the identity of a student or staff member?
- Am I entering information considered confidential in other contexts?
- Would I be comfortable sharing this information publicly?
