Cherry Hill AI Implementation Plan: Data and Student Privacy Passages

Excerpted verbatim from *AI Implementation Plan 2026, in coordination with Policy 2365: Generative AI (Cherry Hill Public Schools / Cherry Hill School District, New Jersey)*. Page numbers match the document's own page numbering. Ellipses (…) mark omitted text.

Introduction (excerpt)

Source: page 3

It does not supersede existing policies governing academic integrity, acceptable use, student conduct, privacy, or bullying and harassment; where provisions intersect, all applicable policies shall be read together.

Apps include web-based tools accessed through a browser, downloadable programs installed on a device, and third-party services that may require a user account and/or which may connect to district data and networks.

Section 1- Scope and Authorized Use (excerpt)

Source: page 3

Student AI use is permitted only when a staff member has expressly assigned an AI Use Level (Appendix B) in writing; only on staff-approved platforms (Section 4); without input of personally identifiable information; and in ways that reflect genuine student learning.

Section 4- AI Applications

Source: page 6

Platforms incorporated in any lesson must be on the district approved list. This list can be found at www.chclc.org/apps . The AI Coordinator conducts a formal annual review of the approved list before each school year. Platforms may be removed at any time for non-compliance with law, policy, or student safety. Staff are notified of all list changes.

Section 5 – Prohibited Uses of AI (excerpt)

Source: page 6

The following are prohibited for all students regardless of device ownership or whether the student is on or off school premises.

- Inputting the personally identifiable information of any student, staff member, or other individual into any AI platform
- Using AI tools not approved by the district
- Using AI to circumvent district technology security measures, access controls, or content filters

Section 7- Academic Integrity and Suspected AI Misuse Procedures (excerpt)

Source: page 7

It is suggested that staff monitor student activity on AI platforms utilizing district technology management software, like Lightspeed.

Section 8- AI Platform Approvals

Source: page 7

Platforms incorporated in any lesson must be on the district approved list. See section 4 for additional information.

Section 11- AI Coordinator Oversight and Plan Review (excerpt)

Source: page 8

The Superintendent designates one or more AI Coordinator(s) responsible for: maintaining the approved platforms list; processing tool approval requests; … tracking AI-related data; monitoring applicable law and technology developments; and coordinating with the Director of Technology on procurement, privacy, and cybersecurity.

Building Principals ensure building-level plan fidelity, communicate the plan to staff annually, oversee parent notification and consent, and escalate concerns to the AI Coordinator.

Section 12- Staff Professional Development (excerpt)
