East Baton Rouge AI in EBR Web Page: Data and Student Privacy Passages

Excerpted verbatim from *AI in EBR (East Baton Rouge Parish School System web page)*. The source has no page numbers; locations are given by section. Ellipses (…) mark omitted text. The source is a landing page that links out to staff, student and family guidance documents, which are not included here.

Staff Use of AI (excerpt)

Source: web page, section 'Staff Use of AI'

Failing to use AI correctly, such as entering confidential student data or using it for prohibited tasks like student grading and employee evaluations, can lead to breaches of privacy and a loss of professional judgment.

What You Should Know: Families (excerpt)

Source: web page, section 'Overview for Families'

Furthermore, the district prioritizes student safety and privacy by strictly following federal and state laws and ensuring that personal information is never entered into public AI tools. Families are encouraged to stay involved by monitoring technology use at home and talking with their children about using AI responsibly and honestly.
