# Greenville County Schools Policy IA: Data and Student Privacy Passages

Excerpted verbatim from *Policy IA - Instructional Program incl. Artificial Intelligence (Greenville County Schools, Board policy web page; last revised June 28, 2016 as shown)*. The source has no page numbers; locations are given by section. Ellipses (…) mark omitted text. The source is a web page without page numbers.

## II. Artificial Intelligence: Student Privacy and Security

Source: web page, section II

**Student Privacy and Security:** AI used in schools will comply with all applicable laws, including the Family Educational Rights and Privacy Act. All AI will be evaluated to maximize safe practices for students while protecting from unlawful disclosure of student information and other risks to students and staff.

## II. Artificial Intelligence: Transparency (excerpt)

Source: web page, section II

**Transparency:** The use of AI will be transparent so that parents/guardians can understand and become knowledgeable of the specific technology used in schools.
