Data Privacy, Management, and Security

Source: web page, 'Data Privacy, Management, and Security'

The District is committed to protecting the privacy and security of all student and staff data. The adoption and implementation of any AI tool must adhere to existing data privacy and security policies that include, but are not limited to, Personally Identifiable Information (PII), FERPA, and any other relevant state of Ohio and federal laws. AI tools should only access, store, or process data that is necessary, and must do so in a secure, transparent, and ethical manner. AI tools and systems must be vetted to ensure they meet rigorous standards for data encryption, access control, and responsible data use. Users must also follow the terms of service, including appropriate age limits.

Procurement and Evaluation of AI-Embedded Tools

Source: web page, 'Procurement and Evaluation of AI-Embedded Tools'

To accomplish the District's mission and comply with the law, the District must collect, create and store confidential and critical information. The District must maintain and protect this data for efficient District operations, compliance with laws mandating confidentiality, and maintaining the trust of the District's stakeholders. Individuals with access to District data are required to follow State and Federal law, District policies and procedures created to protect the information.

The adoption of AI-enabled tools should be conducted in accordance with existing procurement policies and in alignment to the District's core values, goals, and priorities. Selection procedures must ensure that any AI tool must adhere to data privacy and security policies. Potential vendors are required to sign the Ohio Data Privacy Agreement or similar agreement that is in compliance with Ohio law. All third-party vendors providing AI tools must comply with District standards, state and federal law for data protection, ethical use, and accessibility.

Review of AI Use (excerpt)

Source: web page, 'Review of AI Use'

The District will regularly review its use of AI tools and recommend updates to the Board that address safety, privacy, staff and student needs and other relevant areas.

Draft of Data Governance and Protection Statement: Data Governance and AI – Statement for Web Site (excerpt)

Source: web page, draft statement

In addition, Hilliard City Schools is committed to protecting the privacy and security of all student and staff data. The adoption and implementation of any AI tool must adhere to existing data privacy and security policies that include, but are not limited to, Personally Identifiable Information (PII), FERPA, the Ohio Student Data Privacy Agreement (ODPA), and any other relevant state of Ohio and federal laws. AI tools should only access, store, or process data that is necessary, and must do so in a secure, transparent, and ethical manner. AI systems are vetted to ensure they meet rigorous standards for data encryption, access control, and responsible data use. Users must also follow the terms of service, including appropriate age limits, and specifically within Hilliard City Schools, Staff and Students must sign, and adhere to, the Hilliard City Schools Acceptable Use Policy.

Data Governance and AI – Extended Guidelines (Internal Standard Operating Procedures (SOP)) (excerpt)

Source: web page, draft SOP

Selection procedures ensure that any AI tool must adhere to data privacy and security policies. … All third-party vendors providing AI tools must comply with Hilliard City Schools standards, state and federal law for data protection, ethical use, and accessibility. High arching means to manage Service Providers and Data Protection in Hilliard Schools includes:

- Maintaining a master Service Provider & Data Inventory to evaluate and classify service providers who utilize AI, hold sensitive data, or are responsible for critical IT platforms or processes, to ensure these providers are protecting those platforms and data appropriately.
- Establish and maintain a Service Provider Management Policy outlining the Service Provider duties and responsibilities to protect student and staff data including compliance with all applicable federal, state, and local privacy laws, rules, and regulations.
- Establish ongoing reviews of Service Provider products and services, focusing on data governance and protection of student and staff related data. Typical reviews occur upon timeframe of contract renewals.
- Ensure Data Access Controls and user permissions are applied appropriately for student, staff and parent access to student related information.
- Enforce Data Retention and Securely dispose of data as appropriate in all applicable systems.
- Establish and Maintain a Data Classification Scheme for systems deployed at Hilliard City Schools.
- Training and awareness – Provide ongoing training and awareness PD to educate pertinent employees re: the importance of various components of data protection.
