Hingham Public Schools AI Guide for Students: Data and Student Privacy Passages

Excerpted verbatim from *AI Guide for Students (Hingham Public Schools, Massachusetts, August 2025)*. Page numbers match the document's own page numbering. Ellipses (…) mark omitted text.

Student Responsibilities for Appropriate Use of AI (excerpt)

Source: page 2

Students are only permitted to use Generative AI systems listed in the Hingham Public Schools SDPA Application Catalog. These systems are in compliance with federal guidelines regarding student data privacy and will ensure that personal information is protected in line with our data security policies.

Ethical Considerations: Privacy Concerns

Source: page 4

Using AI tools in educational settings requires strict adherence to student data privacy laws, including the Family Educational Rights and Privacy Act (FERPA) and Massachusetts student record regulations (603 CMR 23.00). Public AI tools should never be used to input personally identifiable student information unless the platform is explicitly approved by the district and includes robust, legally compliant data protection measures.
