Holliston Public Schools: Your Guide to AI: Data and Student Privacy Passages

Excerpted verbatim from *Holliston Public Schools: Your Guide to AI (Holliston Public Schools, Massachusetts)*. The source has no page numbers; locations are given by section. Ellipses (…) mark omitted text. The source is a web page that includes the current guidance and, lower down, the original draft.

For Students: Responsible Use (excerpt)

Source: web page

To ensure safe and ethical use, students should:

- **Prioritize privacy:** Never share personal information with AI models and be aware that user data may be used to train these models.

Original Draft: Using AI Responsibly: The Big Picture (excerpt)

Source: web page, original draft

- **Privacy:** Never share personal information (like your name, address, or grades) with AI tools. Think of everything you put into AI as potentially public.
