Iowa City Community School District Generative AI Guidelines: Data and Student Privacy Passages

Excerpted verbatim from *Generative AI Guidelines & Curriculum (Iowa City Community School District web page)*. The source has no page numbers; locations are given by section. This is a web page, not a paginated document. The Special Considerations and Prohibited Uses text appears separately for K-5, 6-12 and teachers; the student wording is identical for K-5 and 6-12 and is included once. Ellipses (…) mark omitted text.

Purpose (excerpt)

Source: web page, Purpose

Our genAI implementation plan ensures that artificial intelligence is understood and used legally, ethically, and in ways that elevate teaching, learning, and operations, while upholding our district's standards for data privacy, security, inclusivity, and academic integrity.

Student Guidelines (K-5 and 6-12): Prohibited Uses (excerpt)

Source: web page, Student AI Guidelines & Curriculum

Generative AI tools may NOT be used in violation of terms of service, academic code of conduct, or board policy.

Student Guidelines (K-5 and 6-12): Special Considerations

Source: web page, Student AI Guidelines & Curriculum

Data privacy and security: Students should not input any personally identifiable information into any generative AI tools.

Teacher Guidelines: Prohibited Uses (excerpt)

Source: web page, Teacher AI Guidelines

Generative AI tools may NOT be used for the following purposes:

- Compromise Privacy/Security: Teachers should not use generative AI in ways that compromise teacher and/or student privacy/security. (Policy 605.4)
- Vetted Generative AI: Teachers should not use generative AI applications that have not been vetted by the district. (Policy 605.4 , Policy 605.8R1)

Software Evaluation Process

Source: web page, Software Evaluation Process

Before using any AI tool or software, staff should submit it through our district's evaluation process to ensure alignment with goals, data privacy, and security standards.

AI Focus Areas: Strengthen Operational Systems (excerpt)

Source: web page, AI Focus Areas

Implement and monitor genAI tools to enhance decision-making, optimize resources, and improve operations across the district, using our Software Evaluation Process to ensure alignment.

AI & Our Portrait of a Graduate: Global Citizenship (excerpt)

Source: web page, AI & Our Portrait of a Graduate

AI raises important questions about bias, privacy, and responsibility.

FAQ: How does our district protect student data privacy?

Source: web page, FAQ

Student data privacy is a top priority. All AI tools used by staff and students must go through ICCSD's Software Evaluation Process before use. Students are instructed never to enter personally identifiable information into any AI tool. Only district-approved and vetted AI applications may be used, in accordance with Policies 605.4 and 605.8R1.
