Sioux Falls SD Artificial Intelligence Guidance: Data and Student Privacy Passages

Excerpted verbatim from *Artificial Intelligence Guidance (Sioux Falls School District, May 2026)*. The source has no page numbers; locations are given by section. Google Doc plain-text export; ellipses (…) mark omitted text.

Ethical Principles (excerpt)

Source: Google Doc, section 'Ethical Principles'

- Privacy and Legal Protection: Adhering to stringent data protection standards and federal law (FERPA, CIPA, COPPA, GDPR, DMCA)

Guidelines for Responsible AI Use (excerpt)

Source: Google Doc, section 'Guidelines for Responsible AI Use'

- Protect Student Information: Personally Identifiable Information should not be shared with AI tools

Roles & Responsibilities (excerpt)

Source: Google Doc, section 'Roles & Responsibilities'

District and School Commitment

- Monitor AI use to promote responsible implementation, protect privacy, and ensure compliance with district AI guidance

Teacher & Staff Commitment

- Ensure privacy by removing all personally identifiable information before using AI (names, Individualized Education Programs [IEPs], birthdays, assessments, etc.)

Student Commitment

- Develop skills to use AI responsibly, recognizing that all inputs into generative AI may be retained by the AI platform

Review & Implementation Process (excerpt)

Source: Google Doc, section 'Review & Implementation Process'

All AI tools undergo a multitiered AWE (Apps, Websites, Extensions) review process, which includes:

- Privacy considerations and age restrictions
