[graphic] Only approved AI programs may be utilized in student instruction or in completing student work. The Director of Schools shall develop a procedure for staff to submit additional programs for approval. District technology staff are tasked with overseeing the implementation of AI programs. These staff members will review artificial intelligence programs to ensure compliance with district policies as well as state and federal student data privacy laws and present recommendations to the Director of Schools for approval. Any approved programs shall be accessible to all students.

[graphic] Employees shall not place personally identifiable information, financial information, intellectual property, or other confidential information into an AI system.

[graphic] The Director of Schools shall incorporate training programs on AI into professional development for district staff. This training shall focus on responsible use of AI and best practices for use in school settings and include instruction regarding personally identifiable information and the need to comply with state and federal data privacy laws. Emphasis shall be placed on the importance of securing and properly storing any data that is collected by the district in compliance with state and federal law.
