York School District One AI Responsible Use Policy: Data and Student Privacy Passages

Excerpted verbatim from *Policy IJNDC – Artificial Intelligence Responsible Use (York School District One, South Carolina; includes administrative rule text)*. Page numbers refer to the PDF pages of the source file. Ellipses (…) mark omitted text.

Policy Introduction (excerpt)

Source: PDF page 1

The use of AI in the instructional program will be limited to approved educational purposes and will comply with the applicable state and federal laws, including, but not limited to, the Family Educational Rights and Privacy Act (FERPA), the Children's Internet Protection Act (CIPA), the Children's Online Privacy Protection Act (COPPA), and the Individuals with Disabilities Education Act (IDEA).

Definitions (excerpt)

Source: PDF page 1

Personally identifiable information includes, but is not limited to, a person's name, email address, phone number, social security number, medical information, education records, and information regarding a student's individualized education program (IEP) or Section 504 plan.

Acceptable Use (excerpt)

Source: PDF page 2

AI programs used in the district schools and educational programs will be evaluated on an ongoing basis for age-appropriateness, privacy protections, bias, accessibility standards, and data security by Director of Technology.

Teachers must only use AI programs and resources that have been approved for use by the district's Information and Technology Department.

Prohibited Uses: Privacy Violations

Source: PDF page 2

Students will not share personally identifiable or confidential information about themselves, other students, staff members, or other individuals with AI programs.

Warranties/Indemnification (excerpt)

Source: PDF page 3

The district is not responsible for any information that may be lost, damaged, or stolen when using AI programs or resources.

The district is not responsible for the dissemination, replication, or alteration of any information or data input into any AI tool or resource by any student or staff.

AR IJND: Comprehensive AI Plan (excerpt)

Source: PDF page 4

- An approved list of AI programs or tools that may be used by a staff member and students to enhance learning opportunities, experiences, and task products or outcomes.
- A procedure for the district instruction and technology department to approve and review the use of AI tools and a process to ensure strategies will be implemented in the district to address inappropriate student use of AI. This may include, but not limited to, areas such as academic integrity, bias, inaccuracy/misinformation, copyright/licensing unknowns, privacy violations, and equity of access
- A procedure to inform parents and receive parental consent in the beginning of each school year for the student to be permitted to use AI during learning experiences and to complete learning tasks in accordance with this policy and Acceptable Use of Technology Resources policy (IJNDB)
- A list of prohibited uses of AI that violate this Policy or the district's Code of Student Conduct, which may include … using AI with confidential student or staff personal information; and other prohibited behaviors and/or conduct listed in the district's Acceptable Use of Technology Resources policy (IJNDB)
